Dear Mr. Rinehimer;

We received your email message and subsequent letter dated May 31, 2012 regarding the City of Benicia

In your message, you requested copies of “materials or information” from which we derived the policy information for the General Insurance Company of America policies. The policies are identified in a memorandum to the City Attorney that lists the City’s comprehensive liability coverage. The memorandum has proven to be a reliable source of information about the City’s insurance coverage. The memorandum itself is privileged, but the information identifying the General Insurance Company policies is:

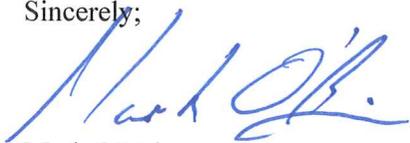

INSURANCE PERIOD	INSURANCE CARRIER	INSURANCE AGENT	POLICY NUMBER	TERMS
March 5, 1962 - March 5, 1965	GENERAL OF AMERICA COMPANY	VERNON H. ESTEY	BLP189415	COMPREHENSIVE GENERAL AND AUTOMOBILE LIABILITY INSURANCE POLICY (3 YEARS).
March 10, 1965 - March 10, 1966	GENERAL OF AMERICA COMPANY	VERNON H. ESTEY	BLP239833	BLANKET LIABILITY POLICY

The City is diligently searching its files to determine if there is more information about its insurance coverage. Meanwhile, we believe the insurance company also has an obligation to reconstruct the policy to the extent possible from its underwriting files. Please provide all information about the General Insurance Company policies from those files.

You also requested information about the City’s outside counsel in this matter. The City presently is not represented by outside counsel. You may continue to correspond with the City Attorney, Heather McLaughlin, and me about the City’s claim.

Mr. Eric Rinehimer
July 12, 2012

Sincerely;

Mark O'Brien

Cc: Heather McLaughlin, Benicia City Attorney
