**\*P3a. Description:**

This residence was originally constructed as a Craftsman house circa early 20th century. A residence of similar form appears on the 1913-1942 Sanborn Map at the same location. It has been substantially altered from its original historic appearance and no longer conveys its significance as a contributor to the Benicia Downtown Historic District. Changes include a major second story addition that substantially alters the historic appearance of the building. The building lacks integrity of design, association and feeling.
