*P3a. Description:

This residence was originally constructed as compound plan one-story cottage circa early 20th century. A residence of similar form appears on the 1913 Sanborn Map at the same location. It has been substantially altered from its original historic appearance and no longer conveys its significance as a contributor to the Benicia Downtown Historic District. Changes include alteration of original cladding, partial replacement of windows, particularly on the front elevation, and remodel of the porch. The building lacks integrity of design, materials, workmanship, association and feeling.
