

# Benicia SAVE WATER TODAY for a GREENER TOMORROW

## TYPICAL HOUSEHOLD WATER USE

## WATER CONSERVATION TIPS

Activity	Efficient Use	Conservation
WATERING LAWN & LANDSCAPE (WITH SPRINKLERS)	Install efficient rotary sprinkler nozzles and a weather-based "smart" sprinkler controller	Reduce each irrigation cycle by two minutes or eliminate one cycle per week
WASHING CAR	Use a hose with an auto shut-off nozzle	Use a bucket and sponge or commercial carwash
SHOWERING	Install WaterSense-labeled showerheads and limit showers to 10 minutes or less	Limit showers to 5 minutes or less
BATHING	Fill bath half full	Fill bath to a minimal water level
TOILET FLUSHING	Install high-efficiency WaterSense-labeled toilets	Limit flushes and don't use toilets as a wastebasket
AUTOMATIC DISHWASHER	Install a water- and energy-efficient dishwasher	Wash full loads on light wash setting
CLOTHES WASHER	Install a high-efficiency clothes washer	Wash full loads on short or light cycle
WASHING HANDS	Install WaterSense-labeled faucet aerators and turn off water when soaping hands	Use hand sanitizer
