

SOLANO COUNTY ROADMAP TO RECOVERY VS. CA RESILIENCE ROADMAP

Red = Difference between County Roadmap and State Roadmap

- The list is not exhaustive. Based on their risk level, businesses or activities can operate if they follow local protocols and if their level of activity is allowed to reopen.
- In areas where the state and county health orders are different, stricter rules apply regardless of the level of government that issued the order.
- *Not all parks are open at this time. Please check ahead to see if the facility is open.
