

NOTE TO FILE

RE: 2045 Camel Road Subcommittee Meeting – 7/20 @ 8am

Present:

Applicant(s): Amanda Kobler and Daniel Seng

Commissioners: Tim Reynolds and Luis Delgado

Staff: Charles Enchill

Summary:

Commissioners reviewed revised applicant plans dated July 9, 2018, and found the new steel entry, metal tubular railings, and corrugated steel roll-up door to be appropriate. A single-pane glazing system is supported and preferred if permitted by building code. The steel entry framing treatment shall be as minimal as possible determined by the applicant's engineers.
