

Level 1 Notification

March 18, 2021

NOTIFICATION OF FLARING - Non-Emergency:

***Information Only**

The Benicia Fire Department has been notified by the Valero Refinery that they flared for approximately 2-3 minutes after replacing a piece of equipment. The Benicia Fire Department staff will continue to monitor the situation. We currently do not anticipate any off-site health impacts.

We will notify the community if there are any significant changes.
