

Level 1 Notification

March 31, 2021

NOTIFICATION OF RELEASE (unplanned):

***INFORMATION ONLY – NON-EMERGENCY**

At approximately 1:30 AM today, March 31, 2021, the Valero Benicia Refinery identified a leak of a diesel additive from a valve at their facility. The leak was stopped, appropriate clean-up measures initiated, and the Benicia Fire Department was notified. There is no threat to public safety. Fire personnel will continue to monitor the situation and will update the public if conditions change.
