Subject: RE: Benicia PRP Meeting with DTSC

Mark, Thank you for your letter I appreciate your diligence in resolving this matter. However your letter did contain one error. Your letter states the following;

You (Carolyn) informed me that Eric Wallburg, DTSC Project Manager, had been deployed to Afghanistan and has not yet returned to the office. As a result, it is my understanding that DTSC has not completed a review of the environmental reports and related documents that the U.S. Army Corps of Engineers ("Corps") previously submitted to DTSC.

In fact Eric did return on 1/24/2011 and has been reviewing of the environmental document related to the Benicia site. DTSC hopes to have that project completed in the near future.

Thank You, Carolyn

Carolyn,

Please find attached a letter regarding your email and our subsequent conversations. I have copied counsel for the parties that have been participating in the settlement discussions. Please let us know when DTSC would like to hold a meeting. Thank you.

Best regards,
Mark

Mark, I am following up with you regarding our letter, dated December 17, 2010 requesting a meeting on February 22nd or 23rd with the Benicia PRP group. To date nobody representing the parties you are currently negotiating with has contacted DTSC regarding our request for a meeting. Could you please contact me so we can make formal arrangements in regard to this meeting. Thanks, Carolyn Cain
