RE: Benicia Arsenal Project

Dear Ms. Strawbridge:

Thank you for your letter dated January 26, 2011 regarding the Arsenal Project.

I want to assure you that it is the City's primary goal to protect public health and safety and ensure an efficient and effective cleanup of the Arsenal without adverse impacts on economic activities and businesses.

With these principles in mind, we are optimistic that with a collaborative approach, working with other potentially Responsible Parties and the regulators like the State Department of Toxic Substances Control, will lead to the best result of protecting public health and safety and minimizing disruption to businesses.

Thank you for your willingness to help with this project.

Sincerely,

  
Heather C. McLaughlin
