***P3a. Description**:
This residence was originally constructed as a simple two-story side gable vernacular house circa late 19th or early 20th centuries. A residence of similar form appears on the 1913 Sanborn maps at the same location. It has been altered from its original historic appearance, but still conveys its significance as a contributor to the Benicia Downtown Historic District. Changes may have included alteration of original cladding, partial replacement of windows, partial enclosure of porch. The building retains integrity of design, materials, workmanship, association and feeling and should continue as a contributor to the District.
