***P3a. Description**:
This residence was originally constructed as side gable bungalow house with a full length front porch. It was constructed circa 1920s. A residence of similar form appears on the 1913-1942 Sanborn Map at the same location. It has been altered from its original historic, however, it still conveys its significance as a contributor to the Benicia Downtown Historic District. Changes include complete enclosure of the front porch and alteration of original front façade. The building is substantially as it was originally and should retain its status as a contributor to the District.
