2/23/17

At the 2/22/17 Building Board of Appeals meeting where the appeal of Amports' emergency demolition of two buildings on the former Pacific Mail Steamship property was heard, no decision was reached by the Board. One commissioner supported the appeal and one didn't. As a result neither commissioner would second the other's motion so no decision was reached. As per Benicia Municipal Code 1.44 I would like the Building Board of Appeals action reviewed by the City Council.

Tom Campbell

A handwritten signature in black ink, appearing to read "Tom Campbell".
