

Candidate's Statement of Qualifications

Office: Mayor

District: Benicia

Name: Christina Strawbridge

Occupation: City Councilmember/Businesswoman

Education and Qualifications:

It's Time! Courage, compassion and collaboration will be my objectives as the new Mayor of Benicia. There is a lot of work before us and success will come with brave decisions based on listening and collaborating with the community, city staff and the rest of the council. As Mayor, my leadership and understanding of what it takes to run a full service city in the aftermath of an economic and health disaster combined with civil unrest is essential.

My diverse experience of serving on the Council from 2011-2016 and then being appointed as Vice Mayor in 2018 coupled with owning two small businesses, gives me a unique perspective, vested interest and true passion for Benicia and its potential. I have been an advocate for small business and keeping Benicia's small town charm for 35 years. My work on spearheading the City's tourism program, helping to save the two Benicia State Parks from closure, as Benicia Main Street's events coordinator and fundraising for a multitude of local nonprofits is proof of my commitment to our town.

On November 3, 2020 you will have an important choice on the leadership of our future. It's Time!
