

## Understanding the Economic Disruption to City of Benicia as a result of COVID-19

The COVID-19 pandemic has created new obstacles for business, employees, elected officials, job seekers, and everyone in our community. As we plan our economic response we have engaged Dr. Robert Eyler, PhD of Economics, to help us understand what this extraordinary event means for **our local economy and our recovery**.

In this **30-minute webinar** Dr. Eyler will provide clarity and trusted information about the economic complexities, social, fiscal and monetary policies, projections of possibly what could be happening as we come out of the crisis and what that means to the City.

**Tuesday, April 28, 2020 at 6 p.m.**

Participants will have an opportunity to ask questions at the end of Dr. Eyler's presentation. The City is pleased to have Dr. Eyler as part of our economic development team.

### **About:**

**Robert Eyler, Ph.D.** is a much sought-after keynote speaker who brings economics “down to earth.” He connects the impact of global events to our neighborhoods. Most recently Dr. Eyler has talked on the economic impact of and recovery from devastating business interruptions, such as COVID-19 and the destructive wildfires in northern California. Dr. Eyler was also the lead consultant for Moving Solano Forward, prepares Solano County Index and is an annual speaker with the Solano Economic Development Corporation.

Dr. Eyler is the Dean of the School of Extended and International Education, Professor of Economics, Director of the Center for Regional Analysis at Sonoma State University, and President of Economic Forensics and Analytics, Inc.
